Affiliated with the Royal Horticultural Society

2009 PROGRAMME

The time is coming once again for memberships to be renewed and for important dates to be penciled into your diary. Your Committee has once again put together a fantastic programme for the year, **renew your membership or join us to find out more!**

Following on from last year's extremely successful talk by Bob Flowerdew, you will see that the well-known gardening authority **John Cushnie** will be visiting us in March. We are extremely lucky to be able to host another celebrity gardener and it will be great evening. Tickets are on sale now but are limited in number so get yours now to avoid being disappointed. All our other speakers are very well known and experienced in their own fields. Please do come and take full advantage of their knowledge by supporting the talks. They are a wonderful opportunity to ask questions, swap tips and to meet and socialize with friends and neighbours.

Make sure you tell others about the Society. We have a thriving membership and we would like to see it grow in numbers even more during 2009. The Society exists for the benefit of the membership and the local community. Help us to maintain our high profile by supporting all the events organized and giving the committee feedback.
